

## PT23534

Hydraulic Element

### NEW RELEASE

It is vital to keep expensive hydraulic systems clean. This is especially true for hard-working equipment like J.C. Bamford excavators used for construction and mining. Pressure extremes demand clean fluids in order to avoid premature scuffing, wearing, scoring, and fluid breakdown between regular scheduled changes. The Baldwin PT23534 Hydraulic Element is made to meet these challenges.

### APPLICATIONS

J.C. Bamford JS115, JS200, JS200W, JS210, JS220, JS235, JS235HD, JS240, JS260, JS290, JS330, JS460, JZ235, JZ255 Excavators with various Isuzu Engines

### CROSS-REFERENCE
